COPILOT 24 PRICELIST 2026

The base Copilot 24 is already a complete and first-class tricycle. For some of these standard components (indicated with -), we offer an alternative. In this case, a mandatory choice must be made between the basic version or the alternative. Additionally, you also have the option to personalize your Copilot 24 with additional accessories. Use our bike configurator on our website or consult your bike dealer for assistance. *For a detailed description of the standard version of the Copilot 24, please refer to the document titled 'Technical Product Information'.
