THE TRICYCLE OF TODAY

Tricycle Cortes

The comfortable seat tricycle with powerful mid-motor

Are you looking for a bike that gives you stability and a safe feeling that also features modern design? All this comes together in the Cortes. In collaboration with renowned seat specialists, several seats have been developed that ensures optimum riding comfort. Thanks to these seating systems and the adjustable shock absorber (with which you adjusted the suspension) you put less strain on your joints. The very low step in height ensures you to get on and off very easy. Beside that, you need very little power to brake. The smooth riding tricycle can also be adjusted to your wishes and circumstances. It is a three-wheel bike which you can be proud to ride around on!

We continuously innovate and optimize our bikes, so that your bike is equipped with the best materials, latest technology and optimum comfort. The Cortes is a light cycling tricycle and service friendly. The Cortes comes standard with a powerful mid-motor and anti-puncture tires. Using the hydraulic disc brakes, little power is required to brake. The very low step in makes it easy to get on and off.

The Cortes tricycle is also equipped with individually adjustable suspension for optimal riding comfort and even better handling.

- ✓ Optimal seating and riding comfort due to several ergonomic seat systems and adjustable suspension.
- ✓ Standard equipped with Shimano STEPS or Bafang mid-motor that ensures an efficient natural drive.
- ✓ Large range (up to 75 km).
- ✓ A larger front wheel that ensures comfortable and stable handling.
- ✓ 10-year warranty on the frame and the front.
