

THE SCOOTER FOR WHEELCHAIR USERS

Wheelchair scooter Pendel

Independently, safely & comfortably on the road

Are you dependent on a wheelchair and would you like to cover greater distances independently and safely? Meet the Pendel wheelchair scooter! The wheelchair scooter is the alternative to the car or (regional) taxi. The Pendel is easy to use, because you can drive around completely independently with your own wheelchair! A strenuous transfer is therefore not necessary! Do you have additional wishes tailored to your circumstances? Various options are possible! With a maximum speed of 15 km/h and a radius of action of up to 60 kilometres, you will reach your destination quickly and safely. Such freedom!

We look at individual drivers and their needs and want to match them as well as possible. This way, we continuously innovate and optimize our wheelchair scooters, so that your wheelchair scooter is equipped with the best materials and optimum comfort.

The Pendel is equipped with a large battery capacity, powerful mechanical and hydraulic brakes and a dashboard with display. The large headlight offers an enormous light output, so that you have a good view while driving and you are also well seen by other road users.

- ✓ Easy fast and independent travel with the manual wheelchair.
- ✓ The suspended front fork and air suspension at the rear provide a comfortable ride.
- ✓ The electric drive makes the Pendel quiet, emission free and inexpensive to use.
- ✓ Meets strict European safety requirements and is approved as a medical device.

Electrical support

The Pendel is standard equipped with electrical support. Because of the mechanical and hydraulic braking system you are able to brake in a controlled and powerful way. This provides a short braking distance.

Support & special adjustments

Do you have specific needs to be able to ride optimally? We can make specific individual adjustments to your wheelchair scooter.

Your special need is a challenge for us!

Accessories & options

The Pendel can be styled entirely to your liking and taste with various accessories and options. Do you want an extra mirror, transfer handles or a custom-made

ramp entirely tailored to your wheelchair? Various options are possible. That is no problem for us! View the options on our website or inquire with your dealer.

Colours

The Pendel wheelchair scooter comes in 6 standard colours:

- Black (RAL 9017)
- Blue (RAL 5022)
- Grey (RAL 7043)
- Green (RAL 6028)
- Red (RAL 3001)
- Orange (Y4-Y436)

Would you like a different RAL colour? This is available on request.
