

The base Duet is already a complete and first-class tricycle. For some of these standard components (indicated with -), we offer an alternative. In this case, a mandatory choice must be made between the basic version or the alternative. Additionally, you also have the option to personalize your Duet with additional accessories. Use our bike configurator on our website or consult your bike dealer for assistance. *For a detailed description of the standard version of the Duet, please refer to the document titled 'Technical Product Information'.
