THE POWERFUL COMPACT TRICYCLE OF TODAY

Tricycle Cortes XS

The compact tricycle for maximum comfort and stability

Looking for a stable and safe bike, but don't want to compromise on manoeuvrability and convenience? Get to know the Cortes XS: a compact tricycle specially designed for people with a body height between 130 and 190 cm, who have difficulty riding a bicycle. With its surprisingly stable ride characteristics and modern design, the Cortes XS offers a healthy alternative to the mobility scooter. Enjoy ultimate driving comfort thanks to the weight-adjusted shock absorber and wide anti-puncture tyres. The very low step trough, powerful mid-motor and easily removable battery make this bike more accessible than ever. Moreover, the Cortes XS takes up little space for storage and is easy to carry on an adapted bike rack.

At Huka, we constantly work to improve our bikes so that you can be assured of the best materials and optimal comfort. The Cortes XS is no exception. This compact tricycle combines smooth-running handling with stability, specially tailored to your personal needs. The hydraulic disc brakes ensure powerful and safe braking with minimal effort, while the shock absorber cushions bumps and reduces the strain on your joints. The wide antipuncture tyres offer extra grip and comfort, ideal for any surface.

Choose stability, safety and riding pleasure: choose the Cortes XS.

- ✓ A surprisingly small turning circle and extremely stable driving behaviour.
- ✓ With easily accessible and easily detachable downtube battery.
- ✓ Available with 2 types of saddle, with adjustable backrest.
- ✓ Standard equipped with powerful Bafang mid-motor that provides efficient natural propulsion.
- ✓ 10-year warranty on frame and fork. After registration at www.hukabikes.com/warranty.

Elektro ondersteuning

The thricycle comes standard with electric assistance (Bafang mid-motor) with drive help (thumb controller), an integrated parking brake, front and rear hydraulic disc brakes, a low step-in height and a safety lock (AXA solid).

Personalise your Cortes X5

Do you have specific needs for optimal cycling? We can make personal adjustments to your bike. Your special need is a challenge for us!

In addition, the Cortes X5 can be expanded with various accessories and options. Do you want a rearview mirror, balance pedals or adaptation for your rollator?

Various options are possible. No problem for us! Check out the options on our website or inquire at your nearest dealer.

Colors

The Cortes X5 tricycle comes as standard in the following colors:

- Crimson red RAL 3002
