

TOUGH DESIGN WITH MID-MOTOR Tricycle Vasco

A unique combination of design and stability!

Are you looking for a modern bicycle that provides you with extra safety and stability? That is one of the leading bicycles in terms of design? Meet the Vasco! You get on and off safe and stable thanks to the three-wheel construction. With the electric tricycle Vasco, you can endlessly cycle comfortably due to its high-tech characteristics. The mid-motor ensures a gradual drive of the bicycle and an even more stable road holding. The Vasco can be adjusted entirely to your wishes. Various accessories are available with which you can make the bike even more personal and beautiful.

At Huka we look at individual riders and their needs and want to fulfill them in the best possible way. So we continuously innovate and optimize our bikes, so that our bikes are equipped with the best materials, latest technology and optimal comfort. For example, the Vasco comes standard with a quiet mid-motor, sturdy Big Ben puncture-proof tires and a sporty chain guard. The lighting is operated via the display on the handlebar.

The Vasco has a range of 50 kilometers and provides assistance up to 25 kilometers per hour.

- ✓ Cool Dutch Design with aluminium frame and Big Ben anti-puncture tyres.
- ✓ You experience a natural drive, thanks to the quiet powerful mid-motor.
- ✓ Simply maneuverable thanks to the special three-wheel construction with a low center of gravity and the differential on the rear wheels.
- ✓ Equipped with hydraulic brakes at the rear, which requires little force to brake.
- ✓ 10-year warranty on the frame and the front fork. After registration at www.hukabikes.com/warranty.

Electrical support

The Vasco is equipped with a powerful silent mid-motor as standard. With this mid-motor, pedaling becomes lighter and cycling is less tiring. The Vasco has a display with 5 support positions. The electric tricycle is equipped with 8 gears.

Hydraulic braking

The Vasco also has hydraulic brakes, with which you are able with less power brake safe and smoother.

Make your Vasco personal

The Vasco can be equipped with various accessories and options. Think of another saddle, walking stick holder or balance pedals. View the options on our website or contact your supplier.

Do you have wishes or need for extra support or specific adjustments? We are happy to tell you about the possibilities. Special needs are a challenge for us!

Colors

The Vasco tricycle is supplied as standard in two versions, namely:

- Matt black (RAL9005)
- Satin gloss white (RAL9016)

Do you want to make your bike even more personal? Other RAL colors are available on request.
